

Bernard Major

TITLES: REACT NATIVE & FULL-STACK DEVELOPER | CERTIFIED SCRUM MASTER

LOCATION: Lawrenceville, GA

Seeking a challenging role to utilize technical experience, engineering principles, strong problem-solving abilities, Agile development methodology knowledge, and high attention to detail for the benefit of clients and employers as an innovative, analytical, cooperative, flexible, and collaborative problem-solver in the digital marketplace.

EXPERIENCE

Saia LTL Freight - Johns Creek, GA

React Native & NodeJS Developer/Release Coordinator
November 2020 to March 2023

- Developed App Code Updates for Handhelds & Customer Facing Shipping APIs:
- Developed, and deployed updates for 5000 driver/worker Zebra, iPad and iPhone mobile apps
 - Executed QA, UAT, & Pre-Release Tests Plans for app trouble-shooting and Release Coordination
 - Coordinated with ECAB for mobile apps and their supporting API update releases
 - Performed automated unit and integration testing for a SSO mobile app hub
 - Progressively resolved technical debt backlog via ServiceNow ticketing assignments+
 - Developed updates for an internal, and modular SOA API
- Managed SCRUM Methodology and Project Life Cycle:
- Implemented SCRUM methodology using Azure DevOps, emphasizing adherence to procedures.
 - Individually established and directed cross-functional, organizational, and offshore teams release coordination protocols for both monolithic and micro-service architecture projects.
 - Successfully managed multiple projects through their Software Development Life Cycle (SDLC), showcasing project management skills.

Major Media Group LLC - Lawrenceville, GA

Freelance Web Developer/Social Media Marketing
January 2020 to CURRENT

- Developed Scalable Websites:
- Built user-friendly and scalable full-stack websites for businesses, focusing on user experience.
 - Front-end Development and Back-end Development; with enterprise solutions for payment systems
- Comprehensive Design and Deployment:
- Designed and provisioned full-stack architecture.
 - Logo design, custom domains, click-funnels, digital banner ads, and social media marketing.

3Sixty Dental formerly 360 Imaging LLC - Atlanta, GA

Senior Dental Lab Technician/Project Manager
January 2016 to November 2019

- Managed Lab Workflow and Reduced Costs:
- Successfully managed laboratory workflow, emphasizing efficiency, quality testing and cost reduction.
- Expertise in Dental/Micro Lab Tech Skills:
- Collaborated in the production and laboratory testing of the revolutionary and patented Anatomical Guide™, contributing to its successful development and 3D printing automation.
 - QC for patient and on-site test cases for accuracy, functionality, and flexible fit
